To: You

Hello Lori,

We do have a Live It Up collection but not all of it is digitized. The non-digitized tapes are in an off-site facility, unstaffed and inaccessible at the moment. The year you have requested is among those tapes. I have no additional information on the episodes until such time as we are able to access the tapes and any associated paper work. I have no timeline for this happening, particularly during the pandemic. Unfortunately I do not have any stills or promo material either. It may be an idea for you to circle back once things have settled around COVID 19.

Best,

Christine Kapalowski | Manager, News Research & Archive Sales
